

...design that fits!

up.grade®

up.grade® - Something for everyone:

- School district administrators - **up.grade®** to a furniture investment that fits students of all ages, from kindergarten through adult education, with built-in asset management capability for each school, and the community. **up.grade®** ships K/D for lower freight and storage costs.
- Teachers - **up.grade®** to flexible classrooms enabled by student desks and activity tables with two casters for mobility, and two non-marring floor glides for stability.
- Students - **up.grade®** to a comfortable desk and chair that adjusts to fit them, K – adult! Desks come with a convenient drink holder, and comfortable perforated plastic chair seat and backrest “breathe” for cooler sitting. Chairs are designed for sitting forward or backward, and available without backrest as a stool.
- Facilities staff - **up.grade®** to furniture that assembles and adjusts with simple tools; chairs adjust from 12” to 18”, and desks adjust from 22” to 32”. Desks reconfigure easily, the non-handed cantilevered legs support nearly any interchangeable desk top shape and size. Chairs stack, and also sit on the desk for easier floor cleaning.
- Designers and educational planners - **up.grade®** to specify any size or shape student desk or activity table to support teachers, subjects, or classroom needs, and shifting grade demographics.

up.grade® integrates all this, and more, into every table and chair. up.grade® comes with an industry-leading twenty-year warranty.
